## COVID-19 SAFETY PROTOCOL FOR SWIMMING POOLS IN COMMUNITIES OF OWNERS (PHASE 2)

Order SND/414/2020  
published in the Official State  
Gazette [BOE] on 16 May  
2020, sets out  
the conditions in which  
swimming pools can open in  
communities of owners  
during  
phase 2 of the plan for the  
transition to new normality.

### Measures to be adopted

**Cleaning and disinfecting three times a day all points of most frequent contact**, such as taps or railings. For this, a solution of bleach or other disinfectants authorised by the Health Department will be used in a dilution of 1:50

**Disinfection of pool water** by physical and chemical filtration, and routine checks

Establishing a control system of prior appointments to allow a **maximum capacity of 30% of users**, and provided that a minimum safety distance of 2 metres can be guaranteed between users in the rest and leisure areas

### Limitations to be observed

**People in home confinement due to being diagnosed with COVID-19, having symptoms compatible with this virus or who show no symptoms but are in quarantine due to having been in contact with someone who has been diagnosed** or displays those symptoms, **may not access the pool area**

**Changing rooms and fountains may not be used. Bathrooms** must be entered one person at a time

Whilst in the pool area, **there must be no sharing of items** with users not forming part of the family unit or living in the same property, and towels, creams or personal clothing and bags must be kept at the established interpersonal distance
